Greetings Brothers and Sisters,

Congratulations on helping to make history! As our nation continues to wrestle with some of the biggest challenges we have every faced, the lives of our nation's working families got a little brighter on Tuesday night with the election of President Elect Barack Obama and Vice-President Elect Joe Biden. It is impossible to overstate the implications this election has for the future of our great nation. Our history as a nation and a people has always been defined by truly tremendous and courageous efforts in the face of seemingly overwhelming adversity. Regardless of the challenges our nation has faced, we have always responded with the conviction that we will endure and the determination to rescue our futures from whatever fate has thrown in our way. This election proves that this spirit lives on.

The Labor Movement has always been an integral part of this cycle of struggle, perseverance and the power to overcome. On Tuesday night, thanks to all of you and your efforts, we proved that here in Florida the legacy of labor endures. There will be many opportunities in the weeks and months ahead to fully report on all that you have accomplished this election, but for now we wanted each and every one of you to know, much as President Elect Obama said on Tuesday night, that this victory was your victory. Each and every one of you made this possible with your tireless dedication, your incredible conviction and your hard work. For that we thank each and every one of you. It is always an honor to serve Florida's union members, but the effort we have seen over the past few months has both filled us with pride and humbled us at the incredible privilege to serve such wonderful trade unionists and true leaders of this movement.

Thank You...Thank You...Thank You for all of your efforts and your accomplishments on behalf Florida's working families and for helping to build a brighter future for our children and grandchildren.

Sincerely and in Solidarity,

Cindy Hall
