YOU ARE NOT ALONE...

The novel Coronavirus or COVID-19 is impacting our country, our state, and all of us in unprecedented ways. For many of our employers, business is down, and that means layoffs or reduced hours for workers. Already many have lost jobs or are living in fear of losing their jobs in the near future. If you or a family member have recently been laid off, or struggling through a reduction in hours or wages, this booklet will prove to be a valuable asset for you. We are committed to working with and assisting you through this challenging time.

We encourage you to do your part to prevent the spread of the disease by practicing the principals of social isolation to the best of your ability. If you want to speak to IATSE Local 631 staff, we encourage you to call or email.

BUDGETING

Reduced income requires caution and skill in managing your money. There are community resources to help you, but first you must plan ahead.

Set up a realistic budget plan allowing for basic needs: food, shelter, utilities and medical care. The worksheet on page 17 will help get you started.

Prioritize your bills. When you do not have enough money to pay all the bills, pay these first: rent or mortgage, utilities, food and transportation.

Before your bills become due, notify your creditors, lenders and/or landlord that you are unemployed and cannot meet your payments. Explain your situation truthfully and ask for a written payment plan or discuss other ways to pay off your obligations. Use the document entitled "Sample Letter to Creditors" at the end of this booklet as a guide to communicate with your creditors.

Maintain accurate files. Before mailing your letters, make copies to keep for your files. If you must negotiate over the phone,

keep detailed notes including the representative's name, title, and phone number. Follow up any phone conversations in writing.

Stay organized. Keep everything in one place. Write a summary list of your financial plan for quick reference.

Keep your end of the bargain. If you are unable to make agreed upon payments, contact your creditors immediately to renegotiate.

**Avoid making unnecessary purchases on credit. Get budget counseling if you are having difficulty. Sample budget on page 17*

FEDERAL ASSISTANCE

The IRS will give people impacted by coronavirus until July 15 to file their taxes. At this point, there are no FEMA programs to help people impacted by coronavirus.

MORTGAGE

You may be able to suspend your mortgage payments for 12 months. About half of all home loans qualify because of coronavirus and more may soon. To find out, contact your mortgage company and ask about "hardship forbearance."

Planning ahead can avoid the loss of your home. For home mortgages, call your bank or mortgage lender and ask for an alternative payment plan. The sooner you call, the more options will be available to you. No matter what your situation is, CALL TODAY.

GOVERNMENT RESOURCES

A key part of the Obama Administration's effort to help homeowners avoid foreclosure, MHA has programs designed to provide assistance to unemployed homeowners struggling to keep up with their payments.

RENT/LEASE

If you are renting your property, talk to your landlord immediately and negotiate a written payment plan or discuss other ways to pay off your obligation.

Some counties have stopped evictions for now. That does not mean your rent is cancelled, and you may still owe late fees. Talk to your landlord if you will not be able to pay your rent on time. If you live in the following counties, you will not be evicted:

- Orange County: until further notice
- Hillsborough County: through April 20

Before your landlord can pursue you in court, they must notify you of the infraction and give you time to correct it. If the matter involves the nonpayment of rent or a major lease violation, the tenant is given 7 days to comply. If you get an eviction notice and you want to stay in your home, you must respond immediately.

REMEMBER, COMMUNICATION IS ESSENTIAL IF YOU WANT TO STAY IN YOUR HOME!!!

Membership Alert!!!

Beware of Foreclosure Rescue Scams - Help Is Free! Foreclosure rescue and mortgage modification scams are a growing problem. Homeowners must protect themselves so they do not lose money—or their home.

Unscrupulous lawyers and scammers make promises that they cannot keep, such as guarantees to “save” your home or lower your mortgage, oftentimes for a fee. Scammers may pretend that they have direct contact with your mortgage servicer when they do not.

In this booklet, IATSE Local 631 keeps you within the safe bounds of government sponsored and/or regulated agencies. Federal, County, and State governments provide many free resources to get you the help you need. All government agencies should provide assistance in English and Spanish, and other languages by appointment.

Remember, there is no need to spend any money to receive help!!

Tips to Avoid Scams

1. Beware of anyone who asks you to pay a fee in exchange for a counseling service or modification of a delinquent loan.
2. Scam artists often target homeowners who are struggling to meet their mortgage commitment or anxious to sell their homes. Recognize and avoid common scams.
3. Beware of people who pressure you to sign papers immediately, or who try to convince you that they can “save” your home if you sign or transfer over the deed to your house.
4. Do not sign over the deed to your property to any organization or individual unless you are working directly with your mortgage company to forgive your debt.
5. Never make a mortgage payment to anyone other than your mortgage company without their approval.

If You Suspect a Scam, Call: 1-866-9-NO-SCAM (1-866-966-7226)

What to Do if You Have Been the Victim of a Scam

If you believe you have been the victim of a scam, you should file a complaint with the Federal Trade Commission (FTC). Visit the FTC’s online [Complaint Assistant](#) or call 1-877-FTC-HELP (1-877-382-4357) for assistance in English or Spanish.

Do NOT apply for a Pay Day Loan!

Pay Day Loans involve extremely high interest rates, are often secured by your personal belongings and create an unmanageable amount of debt. Don’t get yourself into a vicious cycle of debt – stay away from Pay Day Loans!

UTILITY BILLS AND ENERGY ASSISTANCE

Many utility providers will not cut off your service during the coronavirus crisis, but some will still charge late fees. Either way, you should pay what you can to avoid building up a large balance that will be harder to pay off later. For updates or to find out your situation, find your provider's name on your bill & call.

- Florida Power & Light (electric): will not cut off service through March
- Orlando Utilities Commission (water and electric): no cutoffs until further notice
- Florida Public Utilities (gas, electric, propane): no disconnections or late fees until at least May 1
- Duke Energy (electric): no cutoffs but WILL apply late fees.
- Kissimmee Utility Authority (electric): no cutoffs through March

As soon as you know that you may have difficulty paying your bill, call the utility company (gas, electric, water, phone) to arrange a payment plan. Do NOT wait until you receive a shut-off notice.

If you have questions or complaints about a utility company, contact the Florida Public Utilities Commission (PUC). Their website is <http://www.psc.state.fl.us/> and phone is 1-800-342-3552. Utility companies are required to offer budget billing plans, payment plans for needy customers, and special protection for the ill. You have options.

You may be able to get help paying your energy bills from the Low Income Home Energy Assistance Program: www.FloridaJobs.org/LIHEAPHelp

Monthly benefits can go to disabled and blind children, too. For information, call Social Security at the number listed above.

IMMIGRATION

Some members who are not citizens may be concerned about whether accessing governmental help to get testing and treatment for COVID-19.

US Citizens and Immigration Services issued the following statement:

“To address the possibility that some aliens impacted by COVID-19 may be hesitant to seek necessary medical treatment or preventive services, USCIS will neither consider testing, treatment, nor preventative care (including vaccines, if a vaccine becomes available) related to COVID-19 as part of a public charge inadmissibility determination, nor as related to the public benefit condition applicable to certain nonimmigrants seeking an extension of stay or change of status, even if such treatment is provided or paid for by one or more public benefits, as defined in the rule (e.g. federally funded Medicaid).”

Read the full statement at:

<https://www.uscis.gov/greencard/public-charge>.

STUDENT LOANS

If you or your child has federally held student loans, you may be impacted by a recent announcement that the government is waiving interest on federally held student loans. While details are still emerging, this does not mean a reduction in monthly payments. Rather it means that your monthly payment goes directly to paying down the balance of the loan. For more, see:

<https://www.nytimes.com/2020/03/14/business/student-loans-coronavirus-trump.html>.

If you (or your child) have a federally held student loans you can apply for unemployment or economic hardship deferment or you could apply for an income driven repayment plan. You can see more about payment plans at <https://studentaid.gov/manage-loans/repayment/plans>, and more about deferment/forbearance at <https://www.savingforcollege.com/article/dealing-with-student-loans-when-youre-unemployed>, or <https://studentaid.gov/manage-loans/lower-payments/get-temporary-relief>.

Some private lenders are also offering relief to people impacted by coronavirus. See the end of this article for a list:

<https://www.savingforcollege.com/article/how-to-pause-student-loan-payments-during-the-coronavirus-outbreak>.

<https://www.att.com/Common/merger/files/pdf/att-us-service-area-map-21-state.pdf>.

Comcast's Internet Essentials program is free for the first two months and then \$9.95 after that. More information at:

<https://www.internetessentials.com/>.

AT&T's Access Program is \$5 or \$10 per month. There is a monthly maximum data usage and there are fees if you go over.

<https://www.att.com/support/article/u-verse-high-speed-internet/KM1094463/>.

Call to negotiate a lower rate. Ask your cable company for the customer retention department. Tell them that you will be cancelling your account if you can't negotiate a lower rate.

TAKING CARE OF YOURSELF

It is important for your health and the health of others that you practice “social distancing” as much as you can! Wash your hands for 20 seconds with warm water and soap frequently. Do not gather in groups of more than ten people. Try to stay home if you don’t need to go to work or run essential errands.

At the same time, don’t forget to take care of yourself in other ways:

1. Stay active mentally and physically
2. Eat healthy foods, get enough rest
3. Exercise, take up a new recreational activity you always wished to start
4. Recognize the effects of stress and seek help if needed
5. Organize your time, scheduling time to enjoy yourself
6. Develop a support system; keep in touch with friends
7. Get involved in a volunteer activity
8. Catch problems while they are small

“An ounce of prevention is worth a pound of cure”

Your rights under the Fair Debt Collection Practices Act

While debt collectors do have the right to demand payment, and eventually take legal action if necessary, the Fair Debt Collection Practices Act (FDCPA) prohibits any kind of harassment.

The FDCPA applies to any personal, family, or household debt and covers debt collectors who regularly collect debt for others, but not the creditors themselves or their lawyers.

If you find yourself on the receiving end of a collection call, you might wish to know:

- **When can a collector contact me?** Unless you give them permission to do otherwise, debt collectors can only contact you between 8:00 am and 9:00 pm. They may not communicate with you by postcard.
- **Can collectors contact me at work?** A collector may not contact you at work if they know your employer disapproves.
- **What constitutes harassment under the FDCPA?** Collectors may not use profane language or threaten you with violence. In many instances, it prohibits the publication of a list of consumers who allegedly refuse to pay debts. Collectors may not threaten to take your property unless they are actually able to do it.
- **Can collectors contact my family or friends?** Debt collectors can contact other people but only to ask for information on how to locate you. In most cases, the collector may not divulge the reason for the call to anyone other than you or your attorney.
- **Can I get a collector to stop contacting me?** Debt collection agencies are required to honor written requests to stop contacting consumers. Please be aware that sending a “cease and desist” letter does not relieve you of your responsibility. You will still owe the money, and the company may pursue collection efforts.

To obtain a copy of the FDCPA, visit the Federal Trade Commission’s Web site at www.FTC.gov or call 877.FTC.HELP.
